

How to request your VPD – Recognition of certificates via uni-assist

International certificates have to be recognized by uni-assist. It takes at least **4 to 6 weeks!** You can [get your university admission checked by uni-assist](#) in advance in order to get information about the evaluation of your certificates. For the request of the VPD no German language certificate is required.

You need a VPD for the

- registration for a **preparatory German language course**
- application for a **Bachelor's degree programme**
- application for the **Master's degree programmes**
 - **Electrical and Microsystems Engineering**
 - **International Management** and
 - **Mathematics for Business and Industry**

For the application for all the other Master's degree programmes there is no VPD necessary.

1) Translation

Get your certificates translated (school certificates and, if existing, course achievements obtained abroad for the application for a Bachelor's degree programme and your Bachelor certificate for the application for a Master's degree programme) by a sworn translator in German or English. On www.justiz-dolmetscher.de you can find a list of applicable translators. Please also take notice of the [standards for certified translations](#) and the [Info country by country](#) on the website of uni-assist.

2) uni-assist online portal

First, you need to register on the online portal of uni-assist: my.uni-assist.de/registrierung (you can switch to English in the right above corner).
