Self-Registration

Perform self-registration
Hello all Applicants,

The online application consists of two steps. First, we need to get to know you and an email will be sent containing your registration access information. Please follow the instructions in the email to activate your access.

Secondly, select the course of studies you want to take, and complete not only the personal information, but also the extra information that is required to increase the chance of getting the course of studies of your choice.

Register now! Here you can sign up and choose your password; please record your data carefully.

STEP 3: Click on „Register Now“

Your application for a hochschulstart-study program

How do I apply for a course of study? You want to apply for a course of study that is centrally allocated by the Foundation for Higher Education Authorisation?

• A list of centrally allocated courses of study can be found here
• Register yourself at hochschulstart.de
• Register yourself at OTH Regensburg Portal
• Send all your application documents to OTH Regensburg, Prüfener Straße 58, 93049 Regensburg

Please ignore any information about „hochschulstart“ because it is only relevant for selected Bachelor degree programs
STEP 4: Fill in your personal details. Text boxes marked with * are mandatory.
STEP 5: Fill in your contact details. Please make sure to enter a phone number with the country code matching your country of residence. Don’t forget to accept the data privacy policy. Register.
**STEP 6:** Validate your account by clicking the link received via e-mail and then sign in with your user name (see e-mail) and your chosen password.
STEP 7: Start application. Please ignore any information about „hochschulstart.de“.

Please note that the application deadline is a cut-off deadline.
**STEP 8: Select your course of choice.**

If you have studied a similar Master program before and wish to apply for a higher semester, you will be asked to submit an application for credit transfer later.

Otherwise, please select „1. subject related semester“.
**STEP 9:** Please read the instructions and fill in the information about your „university entrance qualification“ (i.e. your higher secondary school certificate or high school diploma).

The grade of your higher secondary school certificate is not relevant for the application, so you can enter an approximate equivalent grade in the German grading system. You can find grade conversion tools based on the Modified Bavarian Formula online.

Please do not enter the details of your Bachelor degree here. You will be asked for them later.
STEP 10: The details of the university entrance qualification have now been saved and will be automatically pre-selected for any additional applications. Click on „Next“.
### Your university background

Please specify the number of semesters you have studied at German universities and if you have already completed studies at a German university. Your studies are considered as completed only if a leaving certificate is available before the end of the application period.

1. Request: Electrical and Microsystems Engineering (M)

University entrance qualification (Electrical and Microsystems Engineering (M) 1. FS)

You can only continue the application if you have already obtained a valid university entrance qualification (e.g., higher secondary school certificate). Please do not upload any provisional certificates because they will not be considered.

If you are applying for a bachelor's degree (first or higher semester) and you have obtained your university entrance qualification abroad, you first need to submit the graduation certificate to Uni-Assist in order to have it evaluated. Once you have received the “Vorprüfungsdokumentation” (VPD) evaluation letter, you need to upload it here. See also FAQ Nr. 10 FAQs.

As soon as you have obtained the relevant certificate (or VPD document), you can continue your application. Please make sure to submit your application and relevant documents before the deadline expires. Delayed applications or documents will not be accepted.

If you are applying for a master's degree, please upload a digital copy of your higher secondary school certificate (in English or with an English translation attached). You will be asked for your Bachelor degree documents and VPD later.

Please upload your university entrance qualification here.

STEP 12: Upload a PDF scan of your higher secondary school certificate.
STEP 13: Please confirm that you are aware of the relevant application documents and deadlines.

STEP 14: Please upload your curriculum vitae / resume.
STEP 15: Please enter the details of your first degree. The „Overall Grade“ is the grade that was calculated by Uni-Assist and certified in the VPD evaluation report. If you have not obtained the VPD evaluation report yet, you will not be able to finalise the application. The status of the program should be „abgeschlossen / bestanden“. 
STEP 16: Please upload your degree certificates and transcript of records.

STEP 17: Please upload the VPD evaluation report from Uni-Assist. If you have not obtained it yet, please contact Uni-Assist directly. Without this document, you can not proceed with your application. The VPD evaluation report must bear the logo of Uni-Assist.
STEP 18: Please upload a certificate of language proficiency in German or English according to the requirements of the Application Info Sheet.

For the English study program, only proficiency of English language is required.
STEP 19: Please upload proof of practical experience (proof of 6 months internship experience or, if not available, then proof of at least 6 months' postgraduate career experience).

Please note that candidates who lack relevant practical experience will be asked to complete a 20-week internship within the first two semesters of the program.

1. Request: Electrical and Microsystems Engineering (M)

Consent to the use of personal data (Electrical and Microsystems Engineering (M) 1. FS)

I hereby consent to the compilation and processing of my personal data for the purpose of participation and implementation of the application and admission procedure. Categories of personal data that may be processed are contact data (name, address, e-mail address, telephone number), demographic data (age, sex, place and date of birth, nationality), data on vocational training, data on external and foreign university studies, time, place and type of university entrance qualification and passport photos. Consent to the compilation and processing of personal data is voluntary, unless you are legally obliged to do so. In the event that there is no legal obligation to do so, you can revoke your consent at any time without giving reasons and without incurring any disadvantage. You can also revoke the consent you have given at any time in text form for any future use. This has no effect on the legality of the processing that has taken place with your consent before the revocation. In the event of revocation, your personal data will be deleted if there is no other legal justification for further processing.

* Confirmation of consent (necessary for all programs): YES

STEP 22-23: Please read and confirm the required consent forms.

On the next page, check the summary of your application again and SUBMIT it.
If you withdraw and edit a request, don't forget to submit it again!

Application status will change to "Valid" or "Temporarily excluded" after it has been processed.

ATTENTION!
The application is exclusively online
- All application documents must be submitted online. Applications submitted on paper or by post will not be considered and are not necessary.
- If your online application status is "provisionally excluded", then your application documents are still incomplete, insufficient or have not been submitted in the appropriate format. See also: FAQ Nr. 17
- You can upload new documents by using the "Upload documents" function on the start page of the application portal. IMPORTANT: When you upload a document, make sure to tick the box "Attach to my application" before submitting it.
- Please check the status of your application regularly by logging in to the HISinOne application portal. Potential missing documents will only be shown there (not in DoSV and not in the Norply e-mails).

Requests in preparation

To apply for admission to university click the "Add a request" button.

Apply for another program if you wish
If the status of your application is "valid", then your application is complete and will be reviewed by the Examination Board after the deadline has expired.

If your application status is "temporarily excluded", you need to check the details of the application and correct any errors or submit new documents.

Only "valid" applications will be taken into consideration.
Application status „Temporarily excluded“

**Degree documents (Master Electrical and Microsystems Engineering 1. FS)**

- PDF scan too dark / not legible. Please upload a better quality scan.
- Please upload your diploma or, if applicable, additionally the “best confirmation”. If not yet available, upload a transcript of records with a preliminary grade point average.

**VPD evaluation report (Master Electrical and Microsystems Engineering 1. FS)**

- VPD document is missing the Uni-Assist logo

**Proof of language proficiency (Master Electrical and Microsystems Engineering 1. FS)**

**Proof of practical experience (Master Electrical and Microsystems Engineering 1. FS)**

Scroll down in the summary of the application to see which elements of the application have been flagged. Please correct the issues **before** the application deadline. You can either „**withdraw and edit**“ and then re-submit the application, or upload the missing documents through the „**Upload documents**“ function on your start page.
In order to upload documents, first select the type of document you wish to upload. If you can not identify the right category, please select „Sonstiges“. 

Select the document on your device and optionally add a remark then click on „Upload“.

When you are finished uploading all required documents, click on „Attach to my application!“ and then Save. It is very important to check the „attach to my application“ box, otherwise the documents will not be saved in your file!
If you submit all the missing documents as instructed before the deadline, your application status will change to "Valid".

Check the details of your application to confirm that the issues have been solved.

After a few days, view your application status again.
The status of the previously missing document has changed to “green” and the notices have been removed.

Your application is now valid.

Once the application deadline has passed, all valid applications will be reviewed by the Examination Board. You will be informed of the result within 3-4 weeks after the deadline.
