Prof. Dr. Winkler

Institute for Further Education and Knowledge Management
Our Mission

To be the central point of contact for companies and other organizations involved in further academic education

To be a strong education partner in the process of life-long learning

To build bridges between occupational training and academic education

To operate as a platform for knowledge management and exchange between the university and the community

To facilitate innovative approaches to knowledge management & further academic education
Four objectives

- Tailoring further education programs to the needs of full-time working academics.
- Unlocking the knowledge of the university for the community.
- Enriching the knowledge base of the skilled workforce through further academic education.
- Editing results of research activities for further education programs.
